

Dear Darkness,

They ask me questions
why the music?

How did you get here?

Do you know how far you'll go?

The smart ones sometimes ask
are you sure you're okay?

They don't understand

The darkness seeps

It seeks to sicken
to rot the foundation

The only way is through

but it seems like forever,
maybe it is. And what?

Then my bones ache,
my hairs grey

Erosion

A cycle push, tire, push, fire

I am Sisyphus

I am a lone wolf

Hunting, killing, starving

Feeling, deeply, caring unconditionally

It is a yoke and there is but one ox

The whip is madness, why do I even continue?

I do not quit

I wade through pain, but why?

There is no answer and no empathy

I plod on
